- Black & White A4 MFP
- 50 PPM Letter-Size
- Wi-Fi Enabled
- Solutions Ready
- Advanced Security
- Copy, Print, Scan, Fax

Packs a lot of punch.
Toshiba's new e-STUDIO479S multifunction printer (MFP) is a powerful and versatile A4 monochrome device that delivers 50 letter-size pages per minute (PPM). It features copy, print, scan and fax capabilities right out of the box, and its large 7" touchscreen front panel makes programming complex jobs easy.

Designed to handle volume.
This MFP is designed to handle volume, with a rated monthly page yield of up to 175K pages. Its integral 550-sheet cassette and 100-sheet multipurpose tray hold a variety of media, including letter or legal-size paper, specialty media, labels and letterhead. Need more paper? You can add up to three additional cassettes (with lockable drawer options) for a total capacity of 2,300 sheets. And with a high-yield toner cartridge (31K pages at 5%), you won't have to worry about running out of supplies for a while.

Scans with the best of them.
The built-in 100-sheet Dual Scan Document Feeder (DSDF) scans monochrome originals at up to 104 duplex pages per minute (IPM) and color pages at up to 84 IPM. The large, legal-size platen lets you scan odd-sized originals and delicate documents.

Keeps up the pace.
The e-STUDIO479S is also solutions ready, with a variety of internally developed applications available, such as the optional Optical Character Recognition (OCR), or other popular third-party offerings. Its 1.2GHz quad-core processor, 2GB of built-in RAM and standard 128GB Solid State Drive (SSD) ensure that it can keep pace with the busiest office environments.

The latest security safeguards.
Your document and data security is our top priority. We've implemented the latest safeguards, including Trusted Platform Module 2.0 (TPM 2.0) with dedicated hardware encryption and encryption security for the built-in 802.11ac Wi-Fi. As a result, the e-STUDIO479S is FIPS140-2 validated and Common Criteria certified.

Brings a lot to the table.
The feature-rich e-STUDIO479S is perfect for busy offices with limited space. Its compact design allows it to fit easily on a desk or tabletop, or you can choose one of the convenient stand options. Once you put this MFP to work, you'll see that it brings a lot to the table.
